About

ART THESSALONIKI is an **annual international art fair** dedicated to contemporary art located in **Greece's second largest city** Thessaloniki. It has been held within the last quarter of the year since 2016 and was founded by Pantelis Tsatsis (Art Director) in cooperation with TIF - HELEXPO.

The **TIF - HELEXPO** Exhibition Centre has been active since 1926. It has been customary for the country's prime minister to set out his government's policies for each coming year in a speech at TIF - HELEXPO, therefore the event has **political significance** in addition to its **cultural and commercial importance**.

ART THESSALONIKI builds on this importance by offering a platform for museums, galleries and artists, as well as a meeting point for art collectors, art advisors, celebrities, politicians and general art enthusiasts.
